- New SANIJET Pipeless Spa Baths deliver high-style and high-tech for the home with the expertly-designed Signature Collection -

DALLAS- As the latest must-have luxury upgrade for the home, SANIJET Pipeless™ Spa Baths are bringing the benefits of spa-quality hydrotherapy direct to homeowners worldwide. Chosen by some of the world's best known custom home builders, such as Sharif & Munir, Renaissance Homes and Quorum Custom Homes, Pipeless Spa Baths are being installed in top-quality homes to provide an oasis of luxurious style, substance and safety.

Designed by award-winners Cary Collier and TAG Galyean, SANIJET's Signature Collection Pipeless Spa Baths offer design-minded bathing that is suited for every style. Galyean offers Mediterranean-inspired designs with the *Palladian* and *Palladian Duo*, drawing upon Renaissance and Art Nouveau, and Collier's designs are largely inspired by his memories of Bali.

"Everything in the Asian spa culture centers on flow – the flow of pure, soothing water, the flow of energy and the flow of natural, simple and elegant design," said Collier. "I created this Signature Collection – *Bali Moon*, *Swasana* and *Cierra* spa baths – to bring together the power of purity that SANIJET provides with the calmness, serenity and beauty of the enchanted East. It's the best of all worlds."

Whether it be Galyean's art-inspired motif or Collier's Eastern designs, each bath is expertly crafted and offers lavish amenities sure to inspire the bathroom. The baths can be customized for any particular preference and are easily installed.

Complimenting the beauty of the spa baths' décors, SANIJET's unique spa-inspired hydrotherapy is a welcome treat for at-home bathing – the Pipeless Spa Baths offer spa-quality massage with variable-speed intensity and pre-programmed settings. Pipeless jets channel water to create the ultimate therapeutic cushion behind the back, and deliver both a soothing, indirect massage from the lower back to the neck and
